isn't what you want, if your stomach and bowels are irregular. That's about all you get, though, with the ordinary pill. It may relieve you for the moment, but you're usually in a worse state afterward than before.

worse state afterward than before.

This is just where Dr. Pierce's Pleasant Pellets do most good. They act in an easy and natural way, very different from the huge, old-fashioned pills. They're not only pleasanter, but there's no reaction afterward, and their help lasts. One little sugar-coated pellet for a gentle laxative or corrective—three for a cathartic. Constipation, Indigestion, Billious Attacks, Dizziness, Sick and Billious Headaches, are promptly relieved and cured. They're the smallest, the easiest to take—and the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned.

There was further realizing right through the list by the smaller class of traders, but the stocks sold fell into strong hands, and pretty soon the market experienced an upward whirl.

Sugar again proved to be the leader and jumped 2.7-4, to 92.1-4.

Manhattan rose 2.1-4 to 128.1-4. General Electric 2 to 47, Cordage 2 to 29.3-4. Chicago Gas 2 1-4 to 63.1-4. New Jersey Central 1 to 106, American Cotton 1011 to 35.1-2 and Chicago & Eastern Illinois preferred 1 to 94.1-2.

The steamship La Gascogne brought gold valued at 3.632,000 francs, consigned as follows: Heidelbach, Ickelheimer & Co., 511,000 francs; August Belmont & Co., 625,000 francs; Hoskier, Wood & Co., 16.000 francs; and Muller, Schall & Co., 2,480,000 francs.

The stock market was in the main strong, with further advances in a number of instances.

The bears had a good deal of stress on the unfavorable Government crop report, but it did not avail them much and they were forced to cover up their shorts.

and they were forced to cover up their shorts.

The particularly strong stocks were Missouri Pacific, Lackawanna, National Cordage, Manhattan and Wheeling & Lake Erie preferred. There was no pressure of long stock from any quarter. The monetary situation continues to improve. Call leans were done at 3 a 4 per cent. The Clearing-House Loan Committee retired \$35,000 certificates, leaving \$37,135,000 outstanding.

The Custom-House has resumed taking certified checks on Clearing-House banks in payment of duties. This action is doubtless due to the fact that the banks are now above their legal requirements.

The Sub-Treasury had a debit balance at the Clearing-House this morning of \$455,103, which was liquidated as follows: \$469,000 in gold coin, \$5,073 in United States notes and \$50 in Treasury notes.
